INNOVATION AND NEW WOUND CARE
TECHNIQUES

22-23 October 2026
Andorra la Vella Congress Centre

Supported by

4TH INTERNATIONAL CONFERENCE on Wounds and Pressure Ulcers.

The 4th Conference organised by the Official College of Nurses of Andorra (COIA) provides an outstanding opportunity to share scientific advances and clinical experiences in the treatment of complex wounds.

Through expert lectures and practical workshops, our goal is to promote excellence in care and patient safety.

We thank you for your commitment to continuous education and hope this exchange of knowledge will be highly enriching for all participants.

Welcome to Andorra!
