

Submit Your Poster

Share your work with the professional community and take part in the poster presentation session at the congress.

When you register, you will be asked whether you would like to present a poster. If you submit a poster, the committee will review it and notify you that it has been accepted, as well as any corrections that may need to be made.

Important dates:

14 September 2026

Deadline for submitting the poster.

2 October 2026

Notification of the committee's approval and, where applicable, any corrections that need to be made. On the same day, the posters selected for an oral presentation will also be chosen.

19 October 2026

Deadline for submitting the final version of the poster incorporating the required corrections.

The final poster may be presented in printed format by bringing it on the first day of the congress, or in digital format by sending it in advance so that it can be displayed on the digital screens.

Oral Presentation

Selected posters will have the opportunity to be presented orally during a special session.

The session will include five 5-minute presentations, followed by 5 minutes for questions and discussion.

This is an opportunity to share your work, showcase it, and exchange ideas with fellow professionals.
